Re: Center Alley Stormwater Outfall Repair

Dear Mr. Christman:

The Ohio Public Works Commission is pleased to inform you that the Village of Ashville has been pre-approved for the above referenced project. This preapproval is based on our intention to have your full requested funding amount in the next few weeks. We are providing you 89% of the project's total estimated cost up to \$80,000 in grant funds.

In order to issue a project agreement, we need the following: a completed and signed OPWC project application, authorizing legislation, an engineer's signed and sealed weighted useful life statement, engineer's signature and seal on the project estimate, and a CFO certification for the local share for any cash contribution. The agreement will be issued as soon as full funding is available. This information should be forwarded electronically to Abbey DeHart at Abbey.DeHart@pwc.ohio.gov. Work may commence at any time if you have the funding available now to do so. Any eligible costs incurred prior to the executed agreement will be reimbursed after the agreement is fully signed.

We are pleased we can assist with this project.

Sincerely,

A handwritten signature in cursive script that reads "Linda S. Bailiff".
