Form # 2 – Detailed Project Description

Project Title:	2022 Pickaway County Park District & Ashville Bollard & Shelter-house Roof Improvement Project
Address/Location (s) of Proposed Project: (Please also attach map of proposed area with labels)	165 Walnut Street, Ashville, Ohio 43103 Exhibit A Map.
Describe IN DETAIL Proposed Project (please explain your project fully, with specific details explaining why your project should be considered): * If you need more space, please attach pages	<p>There are two items Ashville would like to complete in 2022. First, the park post surrounding the park are deteriorating. By placing Bollard covers on these posts, they should extend the life for many years. It will also give in a new look and with reflective capabilities should enhance safety.</p> <p>Second, the Open Shelter-house roof is also getting worse with time. The Rhino Shield product uses an advanced ceramic coating system. What this means is that the product is packed with ceramic microspheres to add durability and insulation to a fresh coat of paint. Its purpose is to create a virtually impenetrable barrier that will protect a structure from weather events.</p> <ul style="list-style-type: none"> • Breathability • Protection against strong winds & heavy rains • A Class A fire rating • Unmatched salt tolerance <p>The quote for this is 29,900 and to replacement the roof is between \$72,000 and \$97,500. Therefore, this is a fiscally prudent expenditure.</p> <p>Exhibit A</p>
