

The Village of Ashville is pictured with an aerial image from Pickaway County GIS Pictometry. An enlargement of the area of the Ashville Park is on the following page. The area includes labels of the different areas in the park. Two areas will see the benefits of this project. The open shelter house will use the ten (10) picnic tables. The playground will receive the two (2) benches and one (1) square picnic table.

Many people in (4,500 population) and outside of Ashville (7,596 Harrison Township population) use both these park areas. A larger number of people use the park during community events such as the Easter Egg Hunt, Viking Festival, July 4th Celebration, Gazebo Gatherings, Trick or Treat Parade, Winter Holiday Festivities, and more.
