Mr. Franklin Christman  
Village of Ashville  
Water Department  
200 E Station St.  
Ashville, OH 43103

REFERENCE: Abandonment of Well 2 and Well 3 at the Water Treatment Plant  
Quote Number 012624-68

Dear Mr. Christman,

National Water Services, LLC (NWS) appreciates that you contacted us to provide the Village of Ashville with a proposal to abandon two water wells located on site at the existing water treatment plant. Please review our proposed scope of work and contact us if you need clarification or require additional information.

After the Village has well 4 and well 6 online and operating properly, NWS proposed to mobilize a crew with special equipment required to abandon the two wells currently operating at the water treatment plant. At each well site, NWS proposes to,

- Remove and dispose of the existing pumps and associated equipment.
- Excavate and remove and dispose of the pitless adapter and cut the well casing off at approximately 4 feet below ground level.
- Excavate and remove the existing concrete vault to a minimum depth of 4 feet below the existing ground level.
- Transport concrete vault materials and excess soil to a site provided by the Village of Ashville.
- Backfill and seal the entire well bore with bentonite clay then pour a concrete cap on top of the sealed well casing.
- Backfill the excavation with clean fill materials.

When done, NWS will file Well Abandonment Reports to ODNR with copies submitted to the Village for their records.

Price.....\$21,500.00/well X 2= ..... \$43,000.00.

**TERMS:** Payment is due in 30 days net from invoice date, unless otherwise agreed upon in writing. NWS will submit monthly invoices for any and all work completed and materials purchased for this project. Client agrees to pay interest on all amounts invoiced and not paid or

objected to for valid cause in writing within a 30 day period at the rate of eighteen (18%) percent per annum, until paid. Client agrees to pay NWS cost of collection of all amounts due and unpaid after sixty (60) days, including court costs and attorney's fees.

Sincerely,  
**National Water Services, LLC**
