The Village of Ashville Joins Consortium III for Recycle & Refuse

Ordinance 2021-20 authorizes the Village of Ashville to join Consortium III. This consortium is recognized by SWACO. The Solid Waste Authority of Central Ohio (SWACO) serves the Central Ohio area with solutions for solid waste. They are one of 52 solid waste districts created by the Ohio General Assembly in 1989.

These districts were established with the mission of reducing reliance on landfills. Acting upon that mission, SWACO provides consumers recycling opportunities around Central Ohio.

Consortium III is one of three consortiums that provide recycling and refuse to 41 communities. More can be found out about these consortiums at <https://www.swaco.org/186/Consortium-Program>. Consortium III includes 14,000 residential households including: City of Grove City, Jackson Township, Village of Urbancrest, Lockbourne and now the Village of Ashville.

The Village of Ashville has been involved with seeking best pricing and services for recycling and refuse since August 21, 1989, with the passage of Ordinance 1989-14 which permitted franchise agreements. You can find that documentation and information on our website. The address is <http://www.ashvilleohio.gov/index.php/services/recycle-refuse?start=5>

There you can find specific information back to 2010. That information includes the bidding process, the bids that were submitted and the legislation.

What does this mean for you in 2022? There will be a rate increase, but it will be locked in for three (3) to five (5) years.

The following is the pricing structure for residential recycle and refuse:

Type	Current Rate	New Rate	Processing Fee	Cost 2022-2026
Residential	\$ 16.72	\$ 20.34	\$ 0.85	\$ 21.19
Senior Residential	\$ 15.09	\$ 19.07	\$ 0.76	\$ 19.83

The following is the pricing structure for commercial based upon container type:

Type	Current Rate	New Rate	Processing Fee	Cost 2022
Cart	\$ 23.08	\$ 25.00	\$ 1.62	\$ 26.62
2 Yard	\$ 65.81	\$ 77.00	\$ 4.61	\$ 81.61
4 Yard	\$ 87.35	\$ 103.00	\$ 6.11	\$ 109.11
6 Yard	\$ 98.94	\$ 112.00	\$ 6.93	\$ 118.93
8 Yard	\$ 118.53	\$ 128.00	\$ 8.30	\$ 136.30

Commercial rate increases 3% per year, processing fee remains the same.

The residential rate is based upon a fee per month. The commercial fee is based upon the type of container, the number of times per week or month the container is emptied. It is a linear formula. Therefore, twice per week would equal two (2) times the new rate. The processing fee remains the same. Also, note the commercial rate does increase 3% every year. The information for 2023-2026 can be found on our website under Services Recycle & Refuse, <http://www.ashvilleohio.gov>

We have several business and locations recycling. While it is automatic with residential to have a 65-gallon recycle and 90-gallon refuse container, see above image, that arrangement for business must be arranged through Local Waste Services (LWS).

For example, Teays Valley School District and Village Chapel have a recycle program. We encourage you to contact LWS at request@localwasteservices.com or call 614-409-9375 Option 2 to make those arrangements. Next month we will make our annual report on Recycling & Refuse volume. Thank You.

SWACO Consortium Program

Since the inception of the Community Solid Waste and Recycling Consortium in 2005, in an effort to increase waste diversion, SWACO assists communities with realizing greater value from their waste hauling contracts through a competitive, collaborative bidding process for curbside trash, recycling, and yard waste hauling services. The Solid Waste Authority of Central Ohio (SWACO) jurisdiction is 41 communities in Franklin County, Ohio, which includes: 15 Cities 17 Townships 9 Villages

Community Services

The Consortium is voluntary and increases negotiating power when contracting for solid waste, recycling, and yard waste collection services; and allows consortium communities to provide curbside collection of single stream recyclables and yard waste pick-up to their residents, thus, reducing the amount of waste being landfilled. To assist in the development and implementation, SWACO contracts with a law firm that has a specialized background in solid waste and recycling.

Key Features

- ◆ Promotion of best management practices, including roll-cart recycling, volume-based disposal, data collection and analysis, resident participation surveys, and education and outreach initiatives
- ◆ Cost-effective solid waste disposal contracting that requires commingled curbside recycling and yard waste diversion
- ◆ Dissemination of educational materials
- ◆ Creates consistent policies and best practices throughout the District that allow SWACO to make improvements that align with their rules
- ◆ Enables SWACO to capture material diversion data through regular reporting via [Re-TRAC Connect](https://connect.re-trac.com/) <https://connect.re-trac.com/>
- ◆ Promotes intergovernmental cooperation through the use of a unique and beneficial technical service

Results

- ◆ Created 3 community consortiums, which include 21 communities and encompass a total of 85,000 Central Ohio households
- ◆ Successfully bid and awarded 49 municipal solid waste collection contracts
- ◆ The average recycling rate for a community within the consortium is 24%
- ◆ In 2015, Consortium communities diverted 22,700 tons of recyclables and 20,400 tons of yard waste; a total of 43,100 tons diverted from the landfill

Village Council Meetings Every 1st and 3rd Monday Time: 6:30 pm
 Council Committee Meetings Every 2nd Monday at 6:30 pm
 - Holiday Mondays will move the meeting forward by one week

#GREENHOLIDAY GUIDE

MAKE A DIFFERENCE THIS HOLIDAY SEASON BY RESOLVING TO REDUCE YOUR WASTE AND RECYCLE MORE.

REDUCE YOUR WASTE

FACT: 25% MORE TRASH IS THROWN AWAY AT THE HOLIDAYS (SOURCE: EPA)

Whether you're preparing a meal, giving gifts or decorating, remember to only buy what you need.

To reduce waste, look for items with minimal-to-no packaging.

DONATE

Have unwanted decorations or lights? Don't pitch them. Consider donating to a local non-profit like Goodwill.

COMPOST

After the holidays, trees and wreaths can be composted in Franklin County by placing them at the curb on your yard waste collection day.

#GREENHOLIDAY GUIDE

MAKE A DIFFERENCE THIS HOLIDAY SEASON BY RESOLVING TO REDUCE YOUR WASTE AND RECYCLE MORE.

FOOD WASTE PREVENTION

Save money by preparing the right amount of food for your holiday meal. Enter the number of guests and what you are serving into the "Guest-imator" tool, and it will suggest how much of each ingredient to buy.

RESCUE

Enjoy leftovers longer by trying out recipes with new flavors. For example, turkey bones and stuffing make a delicious dumpling soup!

RECYCLE

Keep those scraps out of the garbage with free Community Compost Drop-off Sites! Find a site near you to divert food scraps from landfills.

RECYCLE RIGHT

Online shopping is convenient but can result in a lot of cardboard. Make sure you're recycling it correctly. Break boxes down before placing them in the drop off or curbside recycling containers.

Place plastic and glass bottles, jugs and jars, paper - including magazines, newspaper and cardboard - cartons, and metal cans into the recycling bin.

Holiday Reminder

The Village Office will be closed on January 17th for Martin Luther King Day. We will reopen on January 18th at 8:00 am. Normal Trash Pick-up on Monday, January 17th.

Dog Tags December 1 through January 31

The County Dog License

went on sale December 1st.

The purchase price is \$15.75.

Licenses are available at The Ashville Apothecary at 3400 SR 92 Wright-Poling Pickaway County Dog Shelter at 21253 Ringgold Southern Rd, Circleville

Website: <https://www.pickaway.org/offices/dog-shelter/>

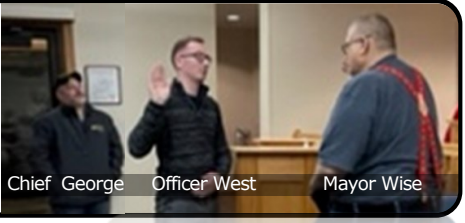

No holiday lights along streets. South Central Power implemented a new policy of documentation that prevent the Ashville Community Men's Club from installing these lights this year. That documentation and the South Central process should be completed by 2022. Nothing in 2021 could be done by the Community Club to meet the timeline imposed by South Central Power. Ashville will have to do the same thing with flags and banners.
